CITY GOVERNMENT

Santa Rosa was incorporated as a City by the State Legislature on March 16, 1868. Santa Rosa has operated under the Council-Manager form of government since its adoption in 1923. Policy making and legislative authority is provided under the authority of the City Council, consisting of seven members, all of whom are elected on a non-partisan basis. The City Council transitioned to direct elections and established seven Council districts. Three Council members were elected to represent even-numbered Council districts on November 6, 2018. Council members from the remaining odd-numbered Council districts will be elected this year, in 2020. Following the biennial Council election, the Council selects one of its members as Mayor, serving as the executive head of the City for a two-year term. The Council appoints the City Manager and the City Attorney. The City Manager is the administrative head of the City, who in turn appoints the heads of the various departments, including the Fire Chief.
